**The beauty of natural hardwood flooring**  
can only go so far. Immaculately installed and finished, birch will still be birch and oak will remain oak.

**Is there a way to make your floors more appealing?**  
**Most certainly!**

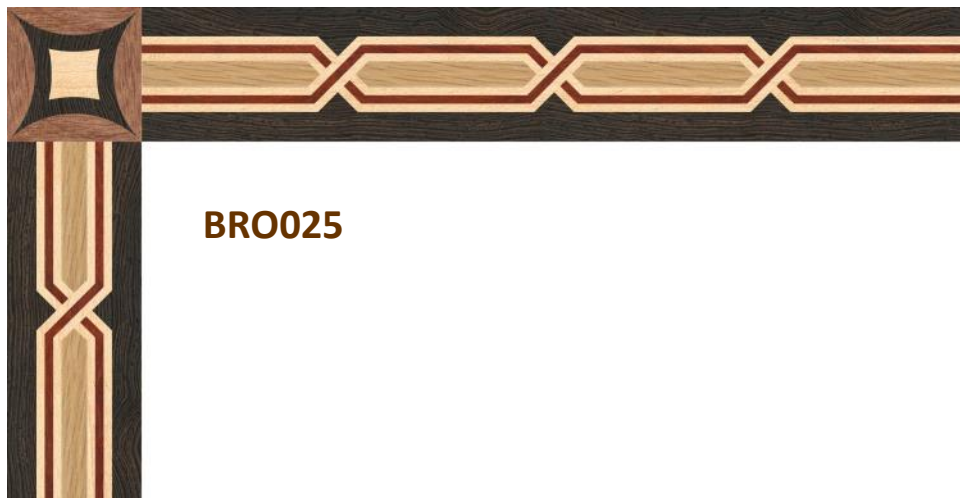

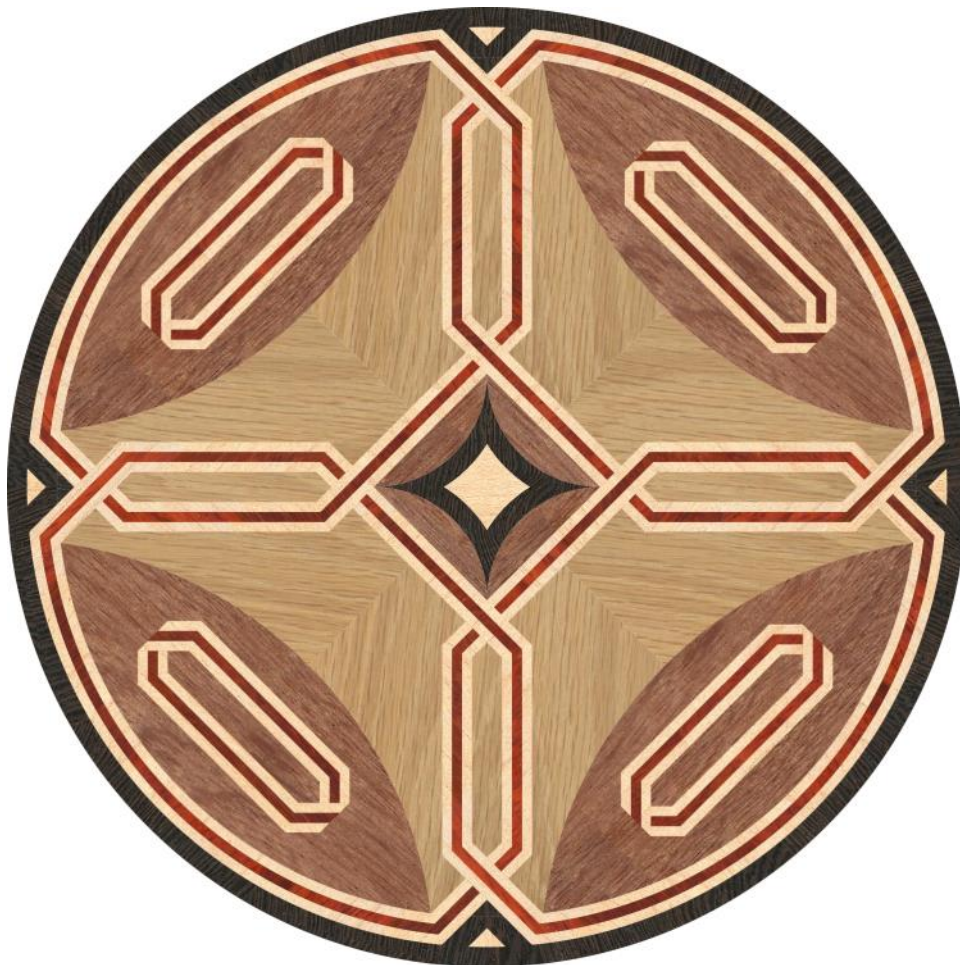

**You can add a palette of dozens of exotic woods assembled into artistic inlays placed beautifully in that special center point for everyone's admiration.**

**Making flooring inlays requires the highest craftsmanship skills and the best woodworking equipment to produce a stunning work of art.**

**The reward is great, for both the maker and the owner of that special flooring.**

**That's why at Sawyer's we chose the path of creating beauty. We love it. You will love it, too!**
